The appropriate extension fee under 37 CFR 1.17(a) is calculated from: (1) the expiration date of the shortened statutory period for reply originally set in the final Office action; or (2) as set forth in (b) above, if checked. Any reply received by the Office later than three months after the mailing date of the final rejection, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).</p>

Continuation of 3. NOTE: The Applicant argues that Ofek does not teach split command send by a storage system. In response, Examiner respectfully disagrees. Ofek teaches the host system and storage system connect by the communication channel (as read on instant application claimed elements). Either the split command sends by host system or storage system, both must pass through the communication channel. Therefore, Ofek's system in Fig. 1 is similar to instant application Fig. 1. Instant application's Fig. 1 connects storage system with the host system via a path. And that Path is equivalent to Ofek's Fig. 1 (as communication channel). Therefore, Ofek's system does not inherently teach the split command can be sent by either from the storage system or by the host system. Applicant argues that Ofek teaches restore command restores all data on the backup device while instant application restoring separate files.

In response, the Examiner respectfully submits that the Final Office action has fully responded to the arguments (see Final Office action page 21.,.
